

PRINTABLE PAPER TRAIN

Use the template on the following pages to create your very own Builder Express.

Design your own color and design system. Once design is complete, start constructing using our instructions or get creative and display it in your own style.

You can use this DIY train as:

A coloring book

A tabletop decoration

Garland

Gift tags

And so much more!

About the Artist

The Builder Express paper train was created by Bill Michael, a Senior Preconstruction Manager at Robins & Morton with nearly 30 years of expertise bringing big ideas to life. When he's not meticulously planning projects, Bill channels his creativity into drawing and doodling—a passion he's nurtured since childhood. Oh, and he's a close personal friend of Santa Claus! We hear the big guy in red trusts him each year to spread holiday cheer across Robins & Morton!
